CONDO COOL **Masins & the Region's "Condo-Phenomenon"**

Our region's real-estate landscape has changed dramatically in recent years due to the large number of condominium developments that have risen and crowned the skyline like a series of great metropolitan palaces. From Belltown to Bellevue, these incredible properties embrace the notion of comfortably luxurious living and a sophisticated urban aesthetic. Masins has recently furnished model units and designed lobby interiors for several high-profile condominium projects, including the elegant Villa Firenze in downtown Bellevue, historic Leland Place in the exclusive Kirkland "West of Market" neighborhood, First Hill Plaza overlooking the downtown Seattle skyline, and the Masins on Main luxury apartments adjacent to our Bellevue store. In addition, Masins was selected to furnish a full-scale model home at the incredible new presentation center for Escala, a luxurious 30 story project set to open in Midtown Seattle in mid-2009, as well at the high-profile Bravern development in downtown Bellevue.

Whatever one's taste - traditional, contemporary, eclectic...condominium interiors can be chic and casual, or elegant and luxurious; but they should always be a reflection of the homeowner's personal style. Masins award winning designers have specialized training, extensive condo-project expertise, and access to exclusive lines of unique, smaller-scale furnishings to help create the ideal condo interior.
